Perhaps it was not American genius that devised the plan of blocking the channels to the German U-boat bases; but the plan has many of the earmarks of American origin.

Knowing something of the propensity of her sister ship, the St. Louis, to roll, we can readily imagine that the St. Paul might have rolled over without much trouble under the proper impetus.

The attention of the voters of Barre is called to the city meeting to be held in the opera house this evening for the purpose of fixing the salary of the city clerk and treasurer for another year and also to fix the compensation of the aldermen, auditors and assessors for the year. Occasion is to be given too for the presentation of any other proper business. The definite matters to be taken up are of sufficient importance to warrant a large attendance of voters.

The Times is anxious to see Barre Town and the other towns included in the Barre district go over the top in the drive for the third Liberty loan along with the city of Barre, and it feels certain that patriotism, reinforced by fairly well filled pocketbooks, will send all those towns over the mark set for them as a minimum. The people in those towns have the patriotism and they are moderately prosperous. Therefore, there is no reason why the campaigns in Barre Town, Washington and Williamstown should not be successful. Let each person in those communities take home the responsibility to himself and then, without waiting to be called on by the solicitors, buy bonds to the extent of his ability. There is a whole week and more in which to show the government that you are standing back of it in the present crucial moment.

## THE SINKING OF THE ST. PAUL

The sinking of the American line steamship St. Paul could scarcely have taken place under more fortunate circumstances than surrounded the mishap in an American port on Thursday. And if the sinking of the ship was the result of hostile machinery there is satisfaction in knowing that about the least results were obtained. A few lives of workmen were lost—three probably—and that is very much to be regretted; and the delay in the shipping of troops and supplies across the ocean is one of the unpleasant features. But the ship lies in a location where it ought to be possible to raise her easily and prepare her for the delayed trip with men and munitions, necessitating a considerable expense, to be sure, but relatively slight. Had the influences which caused the ship to overturn and sink come to bear at a time when the vessel was loaded to its limit with American soldiers and costly freight and was far out at sea the mere mishap of the present would have been turned into a calamity. Hence there is reason for viewing the results with relief.

## TUNBRIDGE

Tunbridge is "over the top" again, having subscribed its quota of third Liberty loan through the efforts of an efficient committee. Milton Ballou has removed his family to James Howe's brick tenement. S. H. Russell has purchased the E. B. Sherman farm and is moving there.

## Resinol does wonders for sick skins

That itching, burning skin-trouble which keeps you scratching and digging, is a source of embarrassment, as well as of torment to you. Why don't you get rid of it by using Resinol Ointment? Physicians prescribe it constantly. In most cases, it stops itching instantly and heals eruptions promptly. It is very easy and economical to use.

Sold by all druggists. Resinol Ointment should usually be aided by Resinol Soap.

## LETTERS TO THE EDITOR

## Are You Friendly to the Government?

Editor, Barre Times: Concerning Liberty bonds—This is a question of friendship between the prospective bond buyer and the government of the U. S. A.

A friend of mine is in need. He asks me to lend him what money I can spare, and his call is urgent. He has many more friends besides me, all equally able and willing, and some of them more so. He comes to me, however. His appeal is personal. We have known each other for several years, we have cherished each other's companionship. What answer must I give my friend in this, his hour of trial?

One thing is certain—I must answer this question as a friend. "The only way to have a friend is to be one." I do not ask my friend what he is to do with the money; sufficient is the fact—he needs it. I do not ask my friend to furnish security; his friendship for me is security in itself. Nor do I ask my friend, "When can you pay me back? For tomorrow is neither his nor mine, and neither of us can know what to-day may bring forth."

Therefore, I say to my friend, "What little help I can give, you are welcome to have. Use it as you think best. The present is not the time for questions, nor of discussion on rate of interest, etc. You say you will pay me back when you are able. That is enough, should anything prevent the fulfillment of your good intentions, well, our friendship must remain the same; we must stand or fall together."

This is a time of national emergency. A time for us to prove our friendship for Uncle Sam. Sam's word ever was, is and will be his bond. Whosoever criticizes Sam criticizes himself. It might be well for us in this present situation to take to heart the admonition of our greatest poet: "The friends thou hast, and their adoption tried, grapple them to thy soul with hoops of steel."

In the language of the moment—Buy a Liberty bond. A Man of Foreign Birth.

## SOUTH BARRE

South Barre Grange Invests \$400 in Liberty Bonds.

The regular meeting of South Barre Grange was held last evening with a good attendance. The program was along the line of the popular issue of the day. Orlando Martin, lecturer of the Vermont state grange, was present and gave a talk on the third Liberty loan, to which the grange responded by appropriating \$400 to be used in the purchase of bonds. In order to avoid drawing the amount from the treasury at present, the grange voted to hold a box social to raise the money to meet the first payment.

## KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver, and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

## OUR BARRE BOYS

We have taken a great deal of pride in the manner in which the boys from Barre have offered to go overseas to stand shoulder to shoulder with their valiant comrades on the bloody battle-fields of France.

We have taken a just pride in the splendid company of militia which was made up largely of boys from Barre and surrounding towns.

We admire them and their spirit of sacrifice, but how will the boys feel if we fail to raise our quota in this loan. They will read the news. HOW WILL THEY FEEL?

We will never know how they feel, for they will never want to tell, but we can easily imagine.

How are the mothers of these boys here at home going to feel toward us? The mothers who are anxiously waiting every day for news from the front. THINK OF IT!

Lend the boys a hand, cheer and encourage the mothers at home, by the purchase of Liberty Bonds.

This is the one duty of the hour, and the time has come to act.
